## PTAC employee gets promotion

Staff Report

Thursday, March 20, 2008

**KETTERING** — An adviser who helps Ohio companies pursue contracts to serve federal, state and city governments has been promoted to associate director of the regional Procurement Technical Assistance Center.

Candice Charlton has spent the past two years as a counselor with the PTAC office, advising companies who seek the center's assistance to secure government work. Her duties in the new job include managing PTAC's Cincinnati office, as well as advising companies.

The Southwest Ohio PTAC office is based in the offices of the Edison Materials Technology Center, a state-assisted nonprofit organization which helps Ohio technology companies develop new business opportunities and commercialize advanced manufacturing processes.
